Ashlar-Vellum™ Releases Graphite™ version 8 Service Pack 3

January 26, 2011, Austin, TX. Ashlar-Vellum announces the release of Service Pack 3 for Graphite version 8, their software for 2D/3D precision wireframe drafting.

Over a dozen user-requested enhancements and issues were addressed in this service pack such as:

- Implemented Preference setting for mouse wheel direction.
- Added support for first pen button on some Windows tablets.
- Clarified Edit Object dialog box for midpoint line objects.
- Enhanced Preferences to track arrow settings for Pen menu.

Service Pack 3 is a free update available to all those on Graphite v8, including Cobalt and Xenon v8 users with a courtesy license to Graphite. Upgrades are available from previous versions, with prices varying according to the age of the software.

About Ashlar-Vellum

Founded in 1988, Ashlar-Vellum is the leading provider of precision CAD and 3D modeling software that automates and simplifies the design process for drafting, design, and engineering professionals on both Macintosh and Windows platforms.
