AlphaCorr Introduces Folding Genius™ AI Version 2 for Mac & Windows

November 25, 2014, Austin, TX. AlphaCorr announced today the second release of Folding Genius for Adobe Illustrator. Folding Genius is intended for AI users who need folded 3D visualization of their existing dieline design files for corrugated packaging and point-of-purchase displays.

Folding Genius supports 3D visualization of dielines created in:
- AlphaCorr Rules, SteelRules or Dieline Genius Online
- Esko Artios
- Arden Impact
- Adobe Illustrator

Supporting Adobe Illustrator versions CS6, CC and CC2014 on both Mac and Windows, the Folding Genius plug-in works from within Illustrator to animate and render folded cartons, boxes and displays with their graphics, then exports to 3D PDF.

Folding Genius for AI is available as a subscription service for $195/year or $79.95/ quarter or $29.95/month.

For more information contact AlphaCorr at +1 800 862-0795 or visit the website at www.alphacorr.com

About AlphaCorr
Based in Austin, TX, AlphaCorr, LLC is the world's leading developer of structural packaging and point-of-purchase display software for both Mac and Windows. Founded in 2007, AlphaCorr uses the powerful, yet easy-to-use user-interface paradigms originally developed for Ashlar-Vellum Graphite™. AlphaCorr continues to enable the creative design and production of precise, sophisticated packaging and displays around the world.
