For immediate release.

Ashlar-Vellum™ Releases Cobalt™, Xenon™ & Argon™ v9

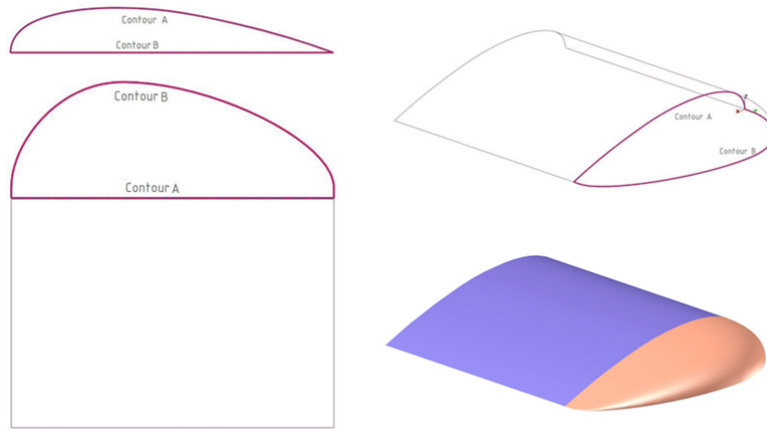

March 28, 2016, Austin, TX. Ashlar-Vellum announces the full release of Cobalt, Xenon and Argon version 9, their trio of 3D solid and surface modeling products on Mac and Windows.

All three of the products have the following enhancements in version 9:

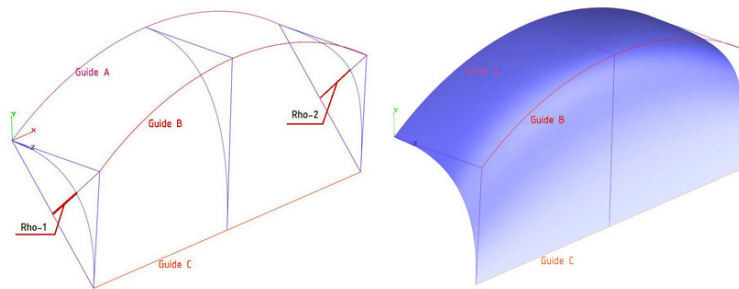

- Support for the latest operation systems including Windows 8.1 and 10, and OS X 10.10 and 10.11
- New 2D PDF import
- New 3D PDF export

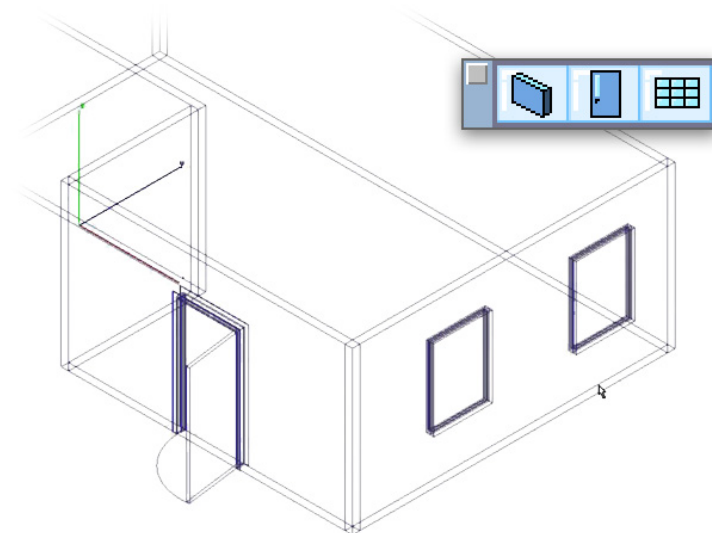

- Support for the latest DXF/DWG up to AutoCAD 2015/2016
- New Surface from Two Contours tool

- New Conic Surface from Sections & Guides tool

- Smart walls, door and windows for architectural drawings

- New handling options for 2D raster images

For a complete list and more information on each, go to:

<http://www.ashlar.com/get9/coxear-v9.html>.

Robert Bou, Ashlar-Vellum's president and co-owner, commented, "We seek continuous improvement on a proven tool set that allows designer, engineers and inventors to get their jobs done efficiently and with the greatest return on investment."

About Ashlar-Vellum

Founded in 1988, Ashlar-Vellum is the leading provider of precision CAD and 3D modeling software that automates and simplifies the design process for drafting, design, and engineering professionals on both Macintosh and Windows platforms. Ashlar-Vellum's unique Organic Workflow™ featuring their renowned Vellum® user interface and powerful toolsets have earned the loyalty of innovators around the world. Ashlar-Vellum operates from its headquarters in Austin, Texas. To learn more call +1 800-877-2745 or visit www.ashlar.com.
